Please review the time and date of each of the scheduled interviews for the year, and compare it to your existing schedule. If you find a conflict with your work schedule, vacations, or other events, please review the list to find a date and time that would better fit your schedule, and then contact the bishop on the list who is assigned that time to try to make an exchange. When you have made such an exchange, or if you are unable to resolve the scheduling conflict, contact Jeff Urien, the stake executive secretary, as soon as possible, to inform him of the exchange or to attempt to reschedule your visits.
